PRESIDENT'S LETTER

Greetings SF Chapter Members,

Can you believe it is already the end of February? I hope everyone has had a great kick off to 2019 so far.

We have already had some great meetings this calendar year. Earlier in February we had a joint meeting with the San Jose Chapter at the Office Relief show room where we learned about the new trends in Ergonomics and latest equipment available in the market. Following the joint meeting the SF Chapter hosted a private behind the scenes tour of the USS Hornet with docent Thomas Burnt, who served in the United States Airforce. Below are some photos from the tour.

We will be taking a break in March for the annual Bay Area Safety Symposium and Professional Development Conference, which is less than two weeks away. If you haven't already done so, please register to attend. The 2019 schedule is now posted on the [website](#). We will resume our regular monthly meetings in April. The SF Chapter and the SJ chapter will have a booth at the event where you can come talk to us about upcoming events and volunteer opportunities. We will also have a job board at the event, so come with your resume's and job postings if you are either looking for new hires or looking for employment opportunities. After the Symposium the SF Chapter will be hosting a happy hour at Buffalo Wild Wings. Come hang out and network and eat some wings with us after the event!

In April we are planning a tour of the National Ignition Facility (NIF) at the Lawrence Livermore Labs. Attendance is limited to 15 people. An announcement about the event will be coming out shortly, so stay tuned. This will be one you won't want to miss.
